RE: Bid No. 14-132 – Bulk Chemicals for Water and Wastewater Treatment

Dear Mr. Burdette:

The contract with your firm under the above-referenced bid contains a provision to extend the term for four (4) additional one (1) year periods at the same terms and conditions. Harford County wishes to exercise the second option year, extending the term from July 1, 2016 to June 30, 2017.

The successful bidder is to provide quarterly reporting to the lead agency and MAPT minimally showing the names of the participating entities under this contract and the value of their participation for that period and year to date. This information will be used to evaluate the effectiveness of the program, areas for growth, and if a variable discount structure is used, the correct pricing structure. Other reports that are reasonably available shall be provided as requested.

Please print this letter, acknowledge by signing at the bottom of this page and return it to this office, along with one copy of the required Certificate of Insurance within ten (10) business days, via email to kmdanna@harfordcountymd.gov . Signature must be that of the Corporation President, Vice President or CEO. If another individual signs, a Power of Attorney or other authorization must accompany the Contract delegating authority to that individual.

Please have your insurer indicate the above referenced Harford County bid number on the certificate and name Harford County, Maryland, 220 S. Main Street, Bel Air, Maryland 21014 as an additional insured and Certificate Holder.

Should you have any questions, email me, djguthrie@harfordcountymd.gov or call (410) 638-3550.

Re: Bid #14-132 Option Year 2 Renewal – Sodium Hydroxide 25% Solution @ Sod Run WTP.

Dear Mr. Guthrie,

I am in receipt of your letter to renew our existing contract for Option Year 2 commencing July 1, 2016 through June 30, 2017 and Allegiance Chemicals would like to renew this contract as well under the existing terms and conditions for this upcoming term.

Therefore, pursuant to the Bid #14-132: Section VIII: B. Economic Price Adjustment - Allegiance Chemicals, LLC is offering a price decrease based on the change in the Bureau of Labor Statistics PPI Index for Inorganic Chemicals - Sodium Products (NAICS Code #325180A) to be effective July 1, 201~~7~~ 6 (BB) as follows:

Product	Expiring Bid Price	July 1, 201~~7~~ 6 (BB) Price Requested
Sodium Hydroxide 25% Solution	$152.19 /wet ton	$146.676 /wet ton

As prescribed by the Bid #14-132 Section referenced above, I have determined the requested price decrease by utilizing the change in the Producer Price Index for Inorganic Chemical Mfg. - Sodium Products (NAICS #325180A) as published by the Bureau of Labor Statistics. This index shows how the cost of manufacture of the inorganic chemicals - sodium compounds has changed on a monthly basis. For the purposes of determining the price decrease I have used the applicable change in the PPI since the Option Year #1 pricing increase was determined: March-15 through March-16 (which is consistent with the 12 month data look-back period when Option Yr. #1 pricing was determined.)

Attachment 1: shows the calculations made to determine the price decrease utilizing the base-year data provide in the Bureau of Labor Statistics PPI Index.

Attachment 2: is a copy of the actual charting from the Bureau of Labor Statistics monthly PPI Index for NAICS # 325180A Inorganic Chemicals – Sodium Compound, which is specific to the product Allegiance provides to you.

Allegiance Chemicals LLC appreciates your business and looks forward to servicing your needs now and in the future. Please confirm your agreement and acceptance of our offer.

Thank you for your business.

Best Regards,

Bruce Burdette

2016 - OPTION YEAR #2 PRICE CHANGE NOTICE
Based on PPI for Sodium Products (Caustic Soda)

A. Determine Price Adjustment Increase/Decrease for Product based on change in PPI year over year:

1. Determine change in PPI Index for 2nd contract option year renewal:

	PPI Value
* Latest Reported PPI Value (as of Mar-16)	375.1
* Previous year PPI Value published at time of Option Year #1 renewal (as of Mar-15)	389.2
Equals: Price Adjustment Multiplier (Ending PPI Value / Beginning PPI Value)	0.9638

2. Determine Price *Decrease* on Product based on change in Contract Year then ending data:

(Contract Price per Wet Ton effective 07-01-15) =	$ 152.190
Formula: Ending Contract Year Price per Wet Ton x Price Adjustment Multiplier ($152.19 x 0.9638) =	$ 146.676
