Vendors are reminded to check their extended total bid prices for BF-1 thru BF-4. There were multiple errors in extension of total bids received on 4/16/15.

The quantities listed on BF-1 thru BF-4 under each agency's generators are the correct number of units per location. Please do not change the quantity of the units listed per department and location.

The Total Bid for each department listed on BF-1 thru BF-4 is the total of the number of units listed under quantity, times the requested service frequency, times the inspection price per unit, which equals the Total Bid.

EXAMPLE: BF-1 thru BF-4

CORE SERVICES (Annual Preventive Maintenance Inspection):

Number of units, X (Times) the Frequency of service, X (Times) the Cost per Inspection = Total Bid

Number of Units	Times	Frequency (Semi Annual)	Times	Cost per Inspection	Equals	Total Bid
2	X	2	X	$10.00	=	$40.00

The Contingent Refueling fee requested is for the cost for the vendor or a subcontractor to deliver fuel to a rental generator. This fee should include the vendors time, labor, equipment and transportation cost.

This Refueling Fee is for delivery, transportation time and labor required to deliver fuel.

This fee is NOT for Fuel. The Price for Fuel supplied will be reimbursed at the price paid per gallon by the vendor.

No markup for Fuel supplied is allowed. Any fees or markup for fuel should be included in the Refueling fee submitted. Please do not "write in" a fuel markup fee in the Refueling Fee section.

Vendors are reminded to check their extended total bid prices for BF-1 thru BF-4. There were multiple errors in extension of total bids received on 4/16/15.

The quantities listed on BF-1 thru BF-4 under each agency's generators are the correct number of units per location. Please do not change the quantity of the units listed per department and location.

The Total Bid for each department listed on BF-1 thru BF-4 is the total of the number of units listed under quantity, times the requested service frequency, times the inspection price per unit, which equals the Total Bid.

EXAMPLE: BF-1 thru BF-4

CORE SERVICES (Annual Preventive Maintenance Inspection):

Number of units, X (Times) the Frequency of service, X (Times) the Cost per Inspection = Total Bid

Number of Units	Times	Frequency (Semi Annual)	Times	Cost per Inspection	Equals	Total Bid
2	X	2	X	$10.00	=	$40.00

Vendors are reminded to check their extended total bid prices for BF-1 thru BF-4. There were multiple errors in extension of total bids received on 4/16/15.

The quantities listed on BF-1 thru BF-4 under each agency's generators are the correct number of units per location. Please do not change the quantity of the units listed per department and location.

The Total Bid for each department listed on BF-1 thru BF-4 is the total of the number of units listed under quantity, times the requested service frequency, times the inspection price per unit, which equals the Total Bid.

EXAMPLE: BF-1 thru BF-4

CORE SERVICES (Annual Preventive Maintenance Inspection):

Number of units, X (Times) the Frequency of service, X (Times) the Cost per Inspection = Total Bid

Number of Units	Times	Frequency (Semi Annual)	Times	Cost per Inspection	Equals	Total Bid
2	X	2	X	$10.00	=	$40.00
