#### **Baltimore Region Summary**

| <u>Total</u>            | 2019   | % of<br>Region |
|-------------------------|--------|----------------|
| Fatal Crashes           | 195    |                |
| Injury Crashes          | 16,773 |                |
| Property Damage Crashes | 43,680 |                |
| Total Crashes           | 60,648 |                |
|                         |        |                |
| Total of All Fatalities | 207    |                |
| Total Number Injured    | 25,289 |                |

|                         |       | % of   |
|-------------------------|-------|--------|
| <u>Impaired</u>         | 2019  | Region |
| Total Crashes           | 3,016 | 5.0%   |
|                         |       |        |
| Total of All Fatalities | 58    | 28.0%  |
| Total Number Injured    | 1,470 | 5.8%   |
|                         |       |        |

| <u>Speed</u>            |       |       |
|-------------------------|-------|-------|
| Total Crashes           | 4,234 | 7.0%  |
|                         |       |       |
| Total of All Fatalities | 39    | 18.8% |
| Total Number Injured    | 1,759 | 7.0%  |

| <u>Pedestrian</u>       |       |       |
|-------------------------|-------|-------|
| Total Crashes           | 1,838 | 3.0%  |
|                         |       |       |
| Total of All Fatalities | 61    | 29.5% |
| Total Number Injured    | 1,835 | 7.3%  |

| <u>Distracted</u>       |        |       |
|-------------------------|--------|-------|
| Total Crashes           | 24,896 | 41.0% |
|                         |        |       |
| Total of All Fatalities | 65     | 31.4% |
| Total Number Injured    | 11,565 | 45.7% |

#### For 2021, BRTB Options

- Coordinate with MDOT (two options):
  - 1. Adopt state measures and targets OR
  - 2. Set regional measures and targets

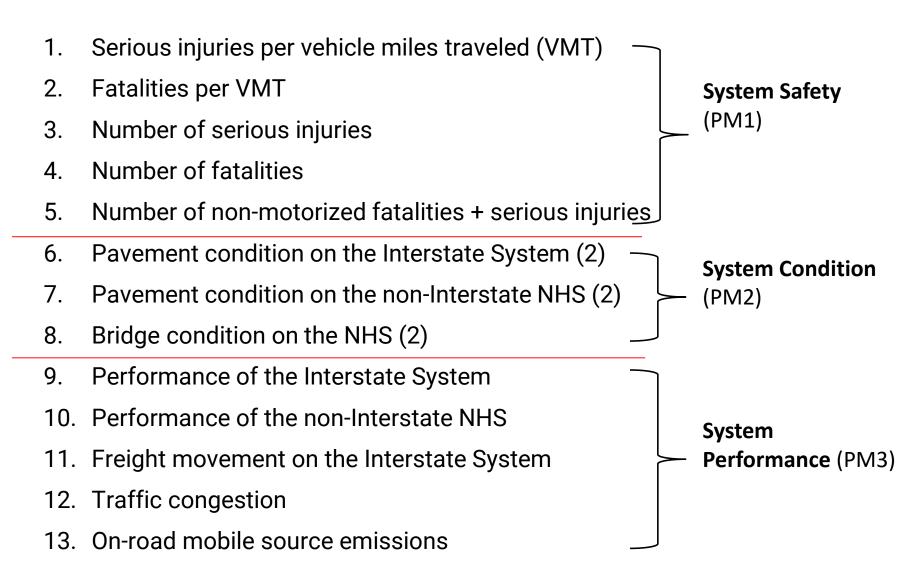

• MDOT's performance measure website: <a href="http://arcg.is/1r04uH">http://arcg.is/1r04uH</a>

#### **FHWA – Performance Areas**

#### **Terminology**

- Goal A broad aspiration or guiding principle (e.g., "Improve highway safety")
- Strategy An approach or policy to help implement a goal (e.g., "Eliminate hazardous or substandard conditions in high-crash locations and corridors")
- Performance Measure A specific metric used to assess progress toward achieving a goal (e.g., "Decrease number of highway fatalities in the region")
- Performance Target A specific level to be reached within a certain time frame (e.g., "Decrease number of highway fatalities in the region to 166 by 2020")

#### **Safety Performance Measures**

- State Strategic Highway Safety Plan (SHSP) was written in 2015 and spans 2016-2020. It includes safety performance measures, targets, and goals.
- Those goals are incorporated into the Highway Safety Plan (HSP) and Highway Safety Improvement Program (HSIP).

# Strategic Highway Safety Plan (SHSP)

Highway Safety Improvement Program (HSIP)

- Report submitted annually
- Infrastructure improvements
- FHWA approved

Updated every five years

- Infrastructure and behavioral countermeasures
- SHSP process approved by FHWA
- Requirement of HSIP

Highway Safety Plan (HSP)

- Plan submitted annually
- Behavioral programs
- NHTSA approved

Source: Federal Safety Performance Management Webinar

#### **Safety Performance Measures**

- Federal regulations state that MPOs must set safety performance targets 180 days after the State HSIP Report is submitted.
- Initial BRTB safety targets set in January 2018 and updated in January 2019 and 2020.

#### **BRTB Target-Setting Process**

- Follow Maryland's methodology Toward Zero Deaths
  - Reduce by 50% from 2008  $\rightarrow$  2030
- Set the five targets specific to the BRTB region
- Updated targets to be approved no later than February 28, 2021
  - Incorporate new year of data into five-year rolling averages
  - Adjust exponential trend line with same fixed end point

#### For Upcoming Resolution

#### Attachment 1: Baltimore Region Yearly Highway Safety Targets

| Performance Measure                                      | 2008<br>Baseline | 2018<br>Actual | 2019<br>Actual | Change<br>2018-2019 | 2017-2021<br>Target | 2030<br>TZD Goal |
|--|------------------|----------------|----------------|---------------------|---------------------|------------------|
| Number of Fatalities                                     | 242              | 223            | 207            | 7.17%               | 179                 | 121              |
| Number of Serious Injuries                               | 1,868            | 1,566          | 1,509          | 3.64%               | 1,203               | 934              |
| Fatality Rate per 100<br>Million VMT                     | 0.93             | 0.81           | 0.74           | \$.64%              | 0.68                | 0.47             |
| Serious Injury Rate per 100<br>Million VMT               | 7.21             | 5.66           | 5.42           | 4.24%               | 4.55                | 3.60             |
| Number of Non-motorized<br>Fatalities & Serious Injuries | 286              | 363            | 343            | 5.51%               | 227*                | 143              |

<sup>\*</sup>Based on the methodology this target would be 227. However, the recommendation is to keep the lower target from Resolution #20-10 of 223.

Sources: Maryland State Police crash database, MDOT MVA Highway Safety Office Benchmark Reports, MDOT SHA Mileage Reports

#### **BRTB Strategies**

- What have we done?
  - Have incorporated measures and targets into the Transportation Improvement Program (TIP) since May 2019
  - Complete Streets Policies in State and Jurisdictions
  - Congestion Management Process
  - Local Strategic Highway Safety Plans
    - Four to begin January 2021 (Baltimore, Carroll, Harford, Howard Counties)
  - Pedestrian/Bicycle Coordinators in Jurisdictions
  - Continuing Look Alive campaign
- New ideas?

### **Transit Safety**

Public Transportation Agency Safety Plan (PTASP)

#### **Transit Safety Performance Measures**

- Federal regulations state that MPOs must set safety performance measures within 180 days after the State/agency PTASP is submitted.
- Fatalities total and per VRM
- Injuries total and per VRM
- Safety Events total and per VRM
- System Reliability

#### **BRTB Process**

- Collaborate with MDOT MTA and regional LOTS
- Include measures provided by all LOTS
- Some information has not been collected historically, so initial figures will include estimates
- Annual tracking of measures
