

Call Report issued by Debbie Groat

7/15/20	Debbie Groat
	County/City COVID19 Workgroup
	Karen Myers, Rick Konrad, Brian Snyder, Andrew Hime and Chris Pipinou
DISCUSSION	
<p>Main point of discussion was to share information on COVID19 operations, disruptions and supply chain demands:</p> <ul style="list-style-type: none"> a. Karen (Harford) said they were in good shape. b. Rick (MWCOG) said they had no new updates and that they continue to wait on FEMA to release their orders. MWCOG is currently looking to reopen the office after September 1. c. Brian (Annapolis) said they have had some employees testing positive for COVID and they are addressing sanitizing requirements. Would appreciate any processes in place to sanitize facilities. Only recommendations were to see the CDC website. They are sourcing Ryobi foggers, and expanding the small business reopening initiatives. d. Andrew shared that they are updating inventory levels, leased some new warehouse space and staying close to hospital actions related to PPE stocking levels and related actions. 	
<u>Action Items:</u>	
None
