Andrew (Anne Arundel) shared that they have a meeting on July 13th to discuss PPE inventory levels going forward and wanted to know if anyone else is moving beyond stockpiling emergency supplies of PPE. Megan and Debbie said they are hearing only stockpiling. Schools, in general, have adopted a stock through November and see what happens in the Fall. Money and storage capacity affect these decisions as well. d. Brandon (St. Mary's) shared that they were open by appointment only. Summer camps are being provided, both indoor and outdoor. They have no critical shortages and are operating at 50% capacity for administrative personnel. Their PPE inventory take into account a shortage on warehousing space. e.
