	<b>Education COVID19 Workgroup</b>
	Kerri Koopman, Angela McIntosh-Davis
<p><b>DISCUSSION</b></p> <p>Main point of discussion was to share information on COVID19 operations, disruptions and supply chain demands:</p> <ol style="list-style-type: none"> <li>a. Angela (Montgomery) shared that they are looking at clear masks from TheClearMask.com. She is aware that these are used in some healthcare facilities that need them for lip reading and expression recognition. <a href="https://www.theclearmask.com/">https://www.theclearmask.com/</a> Otherwise, in good shape. Finalizing specialty products that may be needed for opening, such as shoe coverings in Special Education facilities. Debbie shared that Amazon also has clear masks and that she has reached out to some suppliers that are researching clear masks.</li> <li>b. Kerri (Frederick) is in good shape and finalizing reopening PPE requirements and plans.</li> <li>c. Discussed briefly the mask comparison sheet and Brad Shaw's comments that the N95 and KN95 are the same mask except that the N95 has a certification for healthcare facilities. KN95 are more readily available. N95 continue to be diverted to FEMA and may not be available for schools.</li> </ol>
